

COMPETITORS INFORMATION PACK

NATIONAL OFFSHORE RACE 2012

WESTON SUPER MARE

22nd September 2012

WESTON BAY WATERSPORTS CLUB NATIONAL 2012.

Saturday 22nd September 2012

Competitors Information.

Dear Competitor

On behalf of the Weston Bay Watersports Club we would like to welcome you to the Weston Bay National 2012, which is to be held in Weston Bay on Saturday 22nd September 2012

Detailed below are the arrangements for the race weekend, updates will be regularly made on the clubs website the address of which is www.westonski.co.uk.

Weston Super Mare can be approached from Junction 21 Southbound of the M5 or Junction 22 Northbound of the M5, directions into Weston are well posted and you are advised to follow the signpost for the Sea Front.

The club has made arrangements with the local authority for motor homes and campers to use Madeira Road Car Park, which is situated at the far end of the seafront to use this facility you must pre-book your space by completing the attached camper booking form and returning it to Steve Benny by Sunday 15th September 2012 with a cheque for £20.00 There is no overnight camping facility around the Knightstone Slipway. The parking of cars within the camping area will not be allowed, as the camping facility is adjacent to a residential area we would ask that no generators be used after 9.30pm. Please note that no bar-b-ques, fires or awnings will be allowed in the camping facility.

There are several car-parking facilities in and around the slipway, unfortunately these facilities are not free and the current charges must be borne by you. However no parking is allowed on Knightstone Causeway as this is now a residential area and parking is restricted to residents only, should you park in this area you will face the possibility of your vehicle being towed away

Weston has a wide range of hotel and guest house facilities, should you be booking a hotel, you would be advised to attempt to secure a facility in or around the Knightstone Slipway, the main activity area for the weekend. Should you experience any difficulty in obtaining a hotel or guesthouse we suggest you contact the Tourist Information Centre (01934 888800) who will be only too pleased to assist you.

Teams arriving on the Friday or Saturday are asked to place their boats on Knightstone Promenade adjacent to Knightstone Slipway as directed by the club marshals. This road will be closed from 6.00pm on Friday through to 1.00pm on Sunday. You are allowed to bring your vehicle onto the Promenade only to off load your boat; once your boat has been unhitched you must immediately remove your vehicle from the promenade to the designated parking areas as instructed.

Due to the Weston Half Marathon being held on Sunday 23rd September 2012 no boats will be allowed to be removed from the boat park between 8.30am and 1.00pm on Sunday

Signing In can only be completed once your boat has been scrutineered, you will be asked to take your completed scrutineering log book along with all you race documents to signing in.

Security has been arranged for the Boat Park on the Friday and Saturday night commencing at 1900hrs. Should you wish to gain access to the Boat Park after 1900 hours you will be required to produce your race licence.

Entertainment will be provided on the Friday and Saturday night in the top bar of the Pavilion Bar from 2000 hours.

The Weston Bay Watersports Club, it's duly appointed officials or members cannot be held liable for any loss, damage or injury to any property or persons whilst using any facilities provided by the club for this event.

We trust you have an enjoyable weekend; however should you require any further information please contact one of the Club Officials listed below.
